

AMERICAN RELIEF TO FEED 1,200,000 RUSSIANS BY JAN. 1

Eighty Cents a Month Allotted
Each Child, Says Director
Brown.

MOSCOW, Nov. 30. (Associated Press).—A total of 1,200,000 children in the famine districts of Russia will be receiving regular food allotments from the American Relief Administration by the first of next year, it was stated by Walter L. Brown, director, on his departure from Moscow after an inspection tour.

"We are having fewer difficulties than we expected," he said. "The Red Army is not taking any of the food, and we are operating virtually without loss from theft. The amount of supplies stolen in Russia has been far less than was the case in Armenia, Albania and Poland."

"We are now feeding half a million children, and by January the number will be 1,200,000. It is done at a cost of 50 cents a month for each child, or a total of \$12,000,000 until the next harvest. This is exclusive of \$4,000,000 for medical supplies and \$1,500,000 for clothing."

REGA, Nov. 30. (Associated Press).—Famine horrors in Russia are growing with the approach of winter, official Bolshevik Government advisers show.

In the Saratov region, where 285,000 peasants are listed as starving, even the children have been without food

five days, and many persons are going mad, some being seized with a horrible mania that they have plenty of bread. While in the summer many of the inhabitants subsisted on field mice, they are now reduced to eating oats, carion and grass which only camels hitherto would eat.

BORN TO HANDLE HORSE CASE. WASHINGTON, Nov. 30. (Fletcher Post).—Who, under Roosevelt, successfully prosecuted John H. Walsh, President of the Chicago National Bank, has been retained by the Government to conduct the Grand Jury investigation into the C. W. Morse ship contracting deals.
